

SVDN Growcer Unit Survey - New Customer Survey

SVDN is proud to announce that a Growcer Unit: A hydroponic Modular Farm has been purchased and starting in March 2023, the Community Garden Program will be utilizing the farm to provide the community with freshly grown Leafy Greens. **The survey will take less than a minute to complete and will provide the growers important information on the products wanted by the community!**

1. Do you eat these types of Leafy Greens? (Check all that apply)

- Lettuce (Iceberg/Romaine)
- Kale
- Spinach
- Arugula
- Microgreens
- Asian Greens (Bok Choy)
 - If so, name specific

types:_____

2. What type of herbs do you use? (Check all that apply)

- | | |
|------------------|-----------------------|
| ● Amaranth | ● Fennel Leaf |
| ● Basil | ● Sweet Marjoram |
| ● Cutting Celery | ● Common Mint |
| ● Chervil | ● Greek Oregano |
| ● Chives | ● Moss Curled Parsley |
| ● Cilantro | ● Other |
| ● Dill | _____ |

3. Would you participate in these types of activities to access locally grown leafy greens? (Check all that apply)

- Subscription boxes (Sign up for a monthly/annual subscription, in which you receive weekly/bi-weekly produce boxes? 1 produce box would include freshly grown leafy greens, and a choice of herbs/other freshly, grown, seasonal vegetables.)
- Direct to Consumer Sales (Do you want to come directly to the store front when your vegetables are needed only?)
- Hybrid (Do you want a mixture of both?)
- None of the above

NOTE: Subscription boxes would be ideal, especially during times when there is a high volume of orders.

Do you have any suggestions/comments?

Want to be involved in future surveying/updates/announcements & to be added to a facebook group? (If yes, please provide name & contact information.)
