

CORONAVIRUS DISEASE (COVID-19)

WHILE OUTSIDE OF CANADA, YOU MAY HAVE COME IN CONTACT WITH THE VIRUS THAT CAUSES COVID-19

MANDATORY SELF-ISOLATION

The Government of Canada has put in place emergency measures to slow the introduction and spread of COVID-19 in Canada. All persons entering Canada **MUST self-isolate for 14 days** subject to the *Minimizing the Risk of Exposure to COVID-19 in Canada Order (Mandatory Isolation)*.

Your compliance with this Order is subject to monitoring, verification and enforcement. Those in violation may face detention in a quarantine facility as well as fines and/or imprisonment.

Go to the place where you will self-isolate without delay, and self-isolate for 14 days from the date you arrive in Canada.

Maintain a 2 metre distance from others (social distancing) at all times.

Do not have visitors, especially older adults, or those with medical conditions, who are at a higher risk of developing serious illness.

Wash your hands often with soap and warm water for 20 seconds, or use an alcohol-based hand sanitizer if soap and water are not available.

Avoid touching your face.

Cover your mouth and nose with your arm when coughing or sneezing.

Clean and disinfect surfaces regularly.

When in self-isolation, follow the instructions provided. The instructions are also available at the link provided below.
